

# Governor's Weekly Message: Supporting Continued Job Growth in the First State

Wilmington – In his [weekly message](#), Governor Markell focuses on the State's ongoing efforts to put Delawareans back to work and promotes the [town hall events](#) being held throughout the state.

"I'm holding a series of town hall meetings to address our economic efforts, which include educating a quality workforce, making business costs affordable and having a high quality of life in our state," said Governor Markell. "We continue to work through one of the most challenging economic periods in our history and we will never be satisfied as long as Delawareans are out of work, but job growth here is outpacing the nation and we have reasons to be optimistic about the future."

Every Friday, the Governor's office releases a new Weekly Message in video, audio, and transcript form. The message is available on:
