

Governor's Weekly Message: Planting the Seeds for Economic Growth

Wilmington – In his [weekly message](#), Governor Markell discusses the multi-billion dollar Delaware farming industry and our efforts to support its growth.

“We’re looking forward to a strong future for farming in Delaware,” said Governor Markell. “Just as we’re committed to preserving our physical farming resources by properly maintaining our land, we must also support our human resources – the 2,500 farmers we have now as well as thousands more to come.”

Every Friday, the Governor’s office releases a new Weekly Message in video, audio, and transcript form. The message is available on:
