

Governor's Weekly Message: Creating Jobs, Opportunity by Improving our Transportation Network

(Smyrna, DE) – As a guest host for the Governor's weekly message, filmed at the Transportation Management Center in Smyrna, Delaware Department of Transportation Secretary Shailen Bhatt explains how investing in improvements to Delaware's transportation network will not only improve roads and bridges, but will also boost the State's economy.

"Whether you use Delaware's roads, buses or rails to get to work, travel with family or transact business, you have a stake in how well they function now and in the future," said Secretary Bhatt. "Governor Markell's First State Transportation Investment Plan will fix and improve our roads and bridges, it will boost our economy, and it will keep Delaware moving forward."

Every week, the Governor's office releases a new Weekly Message in video, audio, and transcript form. The message is available on:
