

# Governor's Weekly Message: Expanding Broadband Access to Strengthen Our Economy

DOVER – In his [weekly message](#), Governor Markell highlights efforts to expand broadband access throughout Delaware and the positive impact it has on our overall economy.

“I’m proud of Delaware’s consistent ranking as one of the best broadband states, but we also face a challenge seen across the nation,” said Governor Markell. “Americans in rural areas are significantly less likely to have access. By expanding the benefits of broadband, we’ll create economic opportunity and improve the quality of life for our people, and we’ll keep Delaware moving forward.”

Every week, the Governor’s office releases a new Weekly Message in video, audio, and transcript form. The message is available on:
