

Governor's Weekly Message: Strengthening Our Economy Through Technology and Innovation

(Wilmington, DE) – In his weekly message, Governor Markell highlights ways in which the state continues to strengthen its economic foundation while spurring innovation and entrepreneurialism.

“Our success in the new economy is only as good as our workforce, so we need education and job training efforts that focus on the skills most needed in the workplace,” said Governor Markell. “By supporting entrepreneurial innovation, educating and training our workforce, and revitalizing downtowns, we’ll thrive in the new economy and we’ll keep Delaware moving forward.”

Every week, the Governor’s office releases a new Weekly Message in video, audio, and transcript form. The message is available on:
