

Free Delaware iGaming Apps Launched

Dover – The Delaware Lottery is pleased to announce the launch of its free mobile iGaming applications for iOS devices. The mobile apps are now available for download from each of the three Delaware Casino online gaming sites: (www.delawarepark.com/igaming/, onlinegaming.doverdowns.com/, www.harringtongamingonline.com/) and from the Apple App Store.

The three new apps now make it easier for Delaware players to enjoy their favorite casino games “on the go” for real money via WiFi networks. The apps are compatible with iOS devices only (iPhone, iPad, or iPod Touch) and you must be 21 to play and located in Delaware.

“This is an exciting moment for iGaming in Delaware”, said Lottery Director Vernon Kirk. “Players can now find convenience and entertainment in playing casino games on their iOS mobile devices, and it’s just in time for tourists visiting our amazing Delaware beaches this summer.”
