“The Fair is an opportunity to highlight the vibrancy of our agricultural community, a \$1.2 billion sector with an \$8 billion economic impact,” said Governor Markell. “Our farmers are some of the hardest-working and most efficient in the nation. Their products are in demand around the world and agriculture is vital part of our state’s push to increase international trade – forging bonds between Delaware and our friends and neighbors in countries near and far.”

Every week, the Governor’s office releases a new Weekly Message in video, audio, and transcript form. The message is available on:
