Dover, DE – In his weekly message, Governor Markell discusses statewide efforts to embrace the new economy and how those efforts support job growth, including a commitment by JP Morgan to hire 1,800 people in Delaware by 2019.

“We have built on our well-earned reputation as a business-friendly state that is easy to work with by recognizing the workforce demands of today’s innovative companies,” said Governor Markell. “By continuing to meet the evolving needs of employers, we’ll keep Delaware moving forward.”

Every week, the Governor’s office releases a new Weekly Message in video, audio, and transcript form. The message is available on:
