Wilmington, DE – In his weekly message, Governor Markell recognizes the progress Delaware has made in ensuring all people have the opportunity to be productive members of our community.

“Our state is at its best when we make the most of the talents of all of our people. Every member of our community deserves a chance to be productive, to be told they and their work matter, and to contribute to the greater good by putting their time and talent to use,” Governor Markell said. “When we focus on the ability, it’s amazing what we can accomplish. Creating those pathways and keeping true to that commitment in the years ahead will keep Delaware moving forward.”

Every week, the Governor’s office releases a new Weekly Message in video, audio, and transcript form. The message is available on:
