

Libraries a Home for STEM in Delaware

Thanks [Delaware STEM for featuring an Op-Ed by State Librarian Dr. Annie Norman.](#) “Delaware Libraries juggle, proudly, to support all possible learning opportunities for our communities. Libraries have evolved over the past 115 years, and in turn, we support Delawareans in learning – and renewal – throughout life.”

The latest technologies (3D printer) are amazing to Delawareans of all ages

In partnership with DASEF, we’re seeking local astronomers and astrophysicists to help introduce new telescopes to the public
