

Governor's Weekly Message: Conserving Natural Resources to Build Our Economy

<http://governor.delaware.gov/podcasts/video/WeeklyMessage160819.mp4>

Wilmington, DE – In a guest weekly message, Delaware Department of Natural Resources and Environmental Control (DNREC) Secretary David Small highlights the natural scenic beauty of Delaware as well as the opportunity to leverage our natural resources to improve the quality of life and drive economic growth.

“Attention to our natural resources isn’t just about environmental protection – we must recognize and take advantage of how they contribute to our economy and the quality of life,” Sec. Small said. “I hope you are finding time this summer to experience our great outdoors and to see first-hand why a commitment to our conservation economy will keep Delaware moving forward.”

Every week, the Governor’s office releases a new Weekly Message in video, audio, and transcript form. The message is available on:
