

2017 Division of Fish & Wildlife calendar available now, newly featuring sunrise/sunset times and hunting/fishing seasons

DOVER – DNREC’s Division of Fish & Wildlife is pleased to announce that its full-color 2017 calendar is available now, just in time for the New Year. Each month of the calendar depicts seasonal photographs of the division’s public wildlife and fishing areas and education facilities. New features in this year’s annual calendar include daily sunrise and sunset times and 2017 hunting and fishing season dates, as well as the usual monthly seasonal outdoor activity reminders and a convenient Division of Fish & Wildlife contact directory. 

This year’s calendar features photos by Division of Fish & Wildlife staff members Stew Michels, Jay Davis, Kim Gadow, Craig Rhoads, Karen Bennett, Wayne Lehman, Denise Husband, Rob Gano, Audrey DeRose-Wilson, Bill Jones and Mary Rivera.

“The 2017 calendar showcases the natural beauty of Delaware’s public wildlife areas, fishing ponds and nature centers,” said Division of Fish & Wildlife Director David Saveikis. “These are just some of the sites the division manages in serving the public as we fulfill our guiding slogan ‘We Bring You Delaware’s Great Outdoors through Science and Service.’ Get your calendar today to enjoy pictures of some of Delaware’s best wild places and outdoor scenery as you use the calendar throughout the year.”
