The Delaware Suicide Prevention Coalition along with the Delaware Military and Veterans Suicide Prevention Subcommittees has been planning the annual “Delaware Military and Veterans Mental Health Summit.” We will continue the focus on presenting information and resources to veterans, service members, families and providers who work with the military community in Delaware. This is a great platform for sharing resources and continuing to help increase the understanding of mental health issues in the military population. Please save the date and join us in helping our community understand the importance of this subject matter.

*Registration opens at 8am. There's no cost to attend and free CEUs can be available.*
