

DNREC Environmental Finance, DPH Office of Drinking Water extend due date to Feb. 28 for FY2018 water revolving funds' project notices of intent

DOVER – DNREC Environmental Finance and the Division of Public Health Office of Drinking Water have extended the notice of intent (NOI) submission due date to Feb. 28 for all municipal governments, privately-owned businesses, wastewater and drinking water utilities, consultant engineers, and other interested parties.

Notices of intent for wastewater, drinking water, stormwater, and related infrastructure projects opened for solicitations Jan. 3 in preparation of the FY 2018 Project Priority Lists (PPLs). The NOI submissions are critical to the development of Clean Water State Revolving Fund (CWSRF) and Drinking Water State Revolving Fund (DWSRF) FY 2018 Project Priority Lists (PPLs), as projects must be listed on PPLs to be considered for funding.

Detailed information about how and when to submit projects for funding consideration, project ranking criteria, project construction requirements, and how to apply for infrastructure planning grants is available on the [DNREC Environmental Finance website](#).

For more information, please contact Greg Pope, DNREC Environmental Finance, at 302-739-9941 or Heather Warren, Office of Drinking Water, at 302-744-4817.
