

DeLDOT Winter Storm Update

The Delaware Department of Transportation (DeLDOT) continues to plow and salt roads across New Castle County as nearly three inches has fallen in many areas as of 2:30pm. DeLDOT maintenance & operations yards are fully staffed and more than 100 plow trucks are active on the roads. In addition, plow trucks and staff from Kent and Sussex counties have also been deployed to assist in New Castle County, as the storm has primarily been a rain event in the southern part of the state.

DeLDOT advises motorists that the evening rush hour is likely to be difficult as snow continues to fall and numerous accidents have been reported across the county. Please use extra caution on the roads and give DeLDOT plows plenty of space to work as they continue to salt and plow this afternoon and evening.
