

DNREC to hold public workshops about dredging, waterway management operations in Delaware's Inland Bays

DOVER – DNREC's Shoreline & Waterway Management Section will be holding three informational public open house workshops to share information about dredging and other waterway management operations in Delaware.

The workshops are scheduled as follows:

- [Wednesday, Oct. 23](#), 5-7:30 p.m., South Coastal Library, 43 Kent Avenue, Bethany Beach, DE 19930
- [Wednesday, Oct. 30](#), 5-7:30 p.m., Indian River Volunteer Fire Company Hall, 32628 Oak Orchard Road, Millsboro, DE 19966
- [Sunday, Nov. 3](#), 1-3:30 p.m., Lewes Library, 111 Adams Avenue, Lewes, DE 19958

The workshops all [will provide information](#) on topics such as the Inland Bays dredging prioritization project that is currently in progress, the upcoming [maintenance dredging project at Massey's Ditch](#), and an overview of waterway management operations (dredging, channel marking and surveying, macro-algae harvesting) conducted by the Shoreline & Waterway Management Section.

Interested parties are encouraged to attend the open houses to share ideas and comment on the dredging prioritization project, as well as learn and ask questions about these important topics of DNREC's Shoreline & Waterway Management Section staff.
