

DNREC's Division of Fish & Wildlife announces youth hunting days for 2019/20 hunting season

Youth waterfowl days set for Oct. 19 and Feb. 8, youth deer hunting weekend set for Nov. 2 and 3

DOVER – To promote youth hunting participation and  recruitment, DNREC's Division of Fish & Wildlife has designated special deer and waterfowl hunting days available to youth hunters ages 10 through 15 on both public and private lands statewide. Youth hunters can enjoy youth waterfowl hunting days on Saturday, Oct. 19, and Saturday, Feb. 8, 2020. Youth deer hunting opportunities are provided for a full weekend on Saturday, Nov. 2 and Sunday, Nov. 3. The special deer hunting days are also open to adult non-ambulatory disabled hunters; the special waterfowl hunting days are only open to youth ages 10 through 15.

Youth hunters must be accompanied by an adult companion age 21 or older who possesses a valid Delaware hunting license or a License Exempt Number (LEN). Only the youth hunter may possess a firearm when participating in these special hunting days, and they must be of sufficient physical size and strength to safely handle a firearm. Youth hunters age 13 through 15 must purchase a Delaware junior hunting license, have completed a hunter education course, and possess their hunter education card. Adult companions must also possess a Delaware waterfowl

(duck) stamp, unless exempted, and a federal migratory bird stamp for youth waterfowl hunting days. Waterfowl hunters under the age of 16 are not required to purchase a Delaware waterfowl (duck) stamp or a federal migratory bird stamp. Youth hunters age 10 through 12 must possess a LEN and may take a hunter education course.

If participating in youth hunting days on state wildlife areas where deer stands and waterfowl blinds are assigned through a daily lottery, youth hunters and accompanying adults do not need to purchase a deer stand/waterfowl blind lottery permit. A deer stand/waterfowl blind lottery permit is required to hunt these areas during all other deer and waterfowl seasons. The deer stand/waterfowl blind lottery permit is not required for non-ambulatory disabled hunters during the special deer hunting days. Consult the specific [Wildlife Area Hunting Maps](#) for more information regarding deer stand and waterfowl blind daily lotteries.

More information on hunting license and Delaware waterfowl stamp requirements is available at [Delaware Licenses](#). All waterfowl and other migratory game bird (except crow) hunters will need a Federal Harvest Information Program (HIP) number. To register for a LEN or HIP number, hunters can go to Delaware [Hunter and Trapper Registration](#) or call toll free 1-855-335-4868.

To purchase a hunting license, either in person or online, hunters born after Jan. 1, 1967, must have a basic hunter education safety course card/number. Hunters who took a Delaware hunter education course starting in 2008 can print their hunter education card by going to <http://de.gov/huntersafety>. Hunters who took their Delaware hunter education course before 2008 should call the Hunter Education Office at 302-735-3600, ext. 1 to obtain a hunter safety card.

Registered motor vehicles used to access designated wildlife

areas owned or managed by the Division of Fish & Wildlife are required to display a Conservation Access Pass (CAP). Hunters can opt to receive one free annual CAP with the purchase of any Delaware hunting license. To obtain a free CAP, or to purchase an additional pass, hunters will need the registration card for the vehicle to which the pass will be assigned.

Delaware hunting licenses, Delaware waterfowl stamps, and Conservation Access Passes can be purchased online at [Delaware Licenses](#), at the license desk in DNREC's Dover office at 89 Kings Highway, Dover, DE 19901, or from hunting license agents statewide. Federal migratory bird stamps are available at U.S. Post Offices, Bombay Hook and Prime Hook national wildlife refuges, and online at [Federal duck stamps](#).

For more information on hunting, please see the [2019-2020 Delaware Hunting & Trapping Guide](#) and [Wildlife Area Hunting Maps](#). Hard copies of the guide and newly-updated hunting maps are also available at the license desk in DNREC's Dover office. More information on hunting licenses, season details, and conservation access passes is also available by calling the Wildlife Section office at 302-739-9912.
