

Governor Carney, DPH, DEMA Announce Community COVID-19 Testing Sites

State agencies encourage COVID-19 testing

WILMINGTON, Del. – Governor John Carney, the Delaware Division of Public Health (DPH), and the Delaware Emergency Management Agency (DEMA) announced the list of community testing sites throughout Delaware next week. Testing locations listed below include pop-up and Curative trailer sites, as well as community sites hosted by New Castle County, St. Francis, Henrietta Johnson Medical Center.

*“We are seeing an increase in positive COVID-19 cases here and Delaware and across the country,” said **Governor Carney**. “We are less than two weeks away from Thanksgiving. It’s important you reconsider hosting in-person gatherings with people outside your immediate household. It’s also critical we continue to practice the basic public health measures that we know work to reduce the spread of COVID-19. Avoid gatherings with those outside your household. Keep wearing a mask in public. Wash or sanitize your hands frequently. Please consider getting a free test—whether you have symptoms or not. Testing for COVID-19 is the best way to track the spread of this virus and contain potential outbreaks.”*

DEMA has coordinated community sites this week in addition to permanent testing sites at Walgreens and at various hospitals and health care locations. Delawareans can view a full list of COVID-19 testing locations and reserve a spot at de.gov/gettested. Site details will be added this weekend.

Delawareans are encouraged to check the Delaware Department of Health and Social Services' social media accounts ([Facebook](#), [Twitter](#), and [Instagram](#)) for testing location updates due to inclement weather.
